

Caldwell Parish Church

Church of Scotland - SC008214

Neilston Road, Uplawmoor

CHANGE FOR OUR FUTURE TOGETHER

A potted history:

- In 1889 our Church building was opened for worship.
- In 1934 the chancel area was fitted with oak choir stalls and a new communion table was provided.
- In 1969 the manse at the rear was converted to a small hall together with the upstairs rooms to accommodate crèche.
- In the 80's a rear vestibule entrance was added.
- No other developments have taken place since.

A need for change:

All of the above served our community well but we recognise that continued change is necessary to allow us to go forward with renewed hope, and meet the challenges of our modern age. The sanctuary with fixed pews is unfortunately not a flexible space and the hall is very restricted for gatherings.

Our project:

Pews will be replaced with chairs, new floor covering laid and a more efficient controllable heating system installed. The resulting bright open space with flexible seating can then be used for a variety of worship and community purposes.

Full details of work to alter the sanctuary are available on our web site:

www.caldwellchurch.co.uk

If you or someone you know cannot access the website, and would prefer printed copies of our proposal, please contact:

Rev Alison McBrier, The Manse, 4 Dampark, Dunlop, KA3 4BZ.
